

The Tale of Rasleh

CONSAH OF KARNATAH

PLANET
VOLTERRA

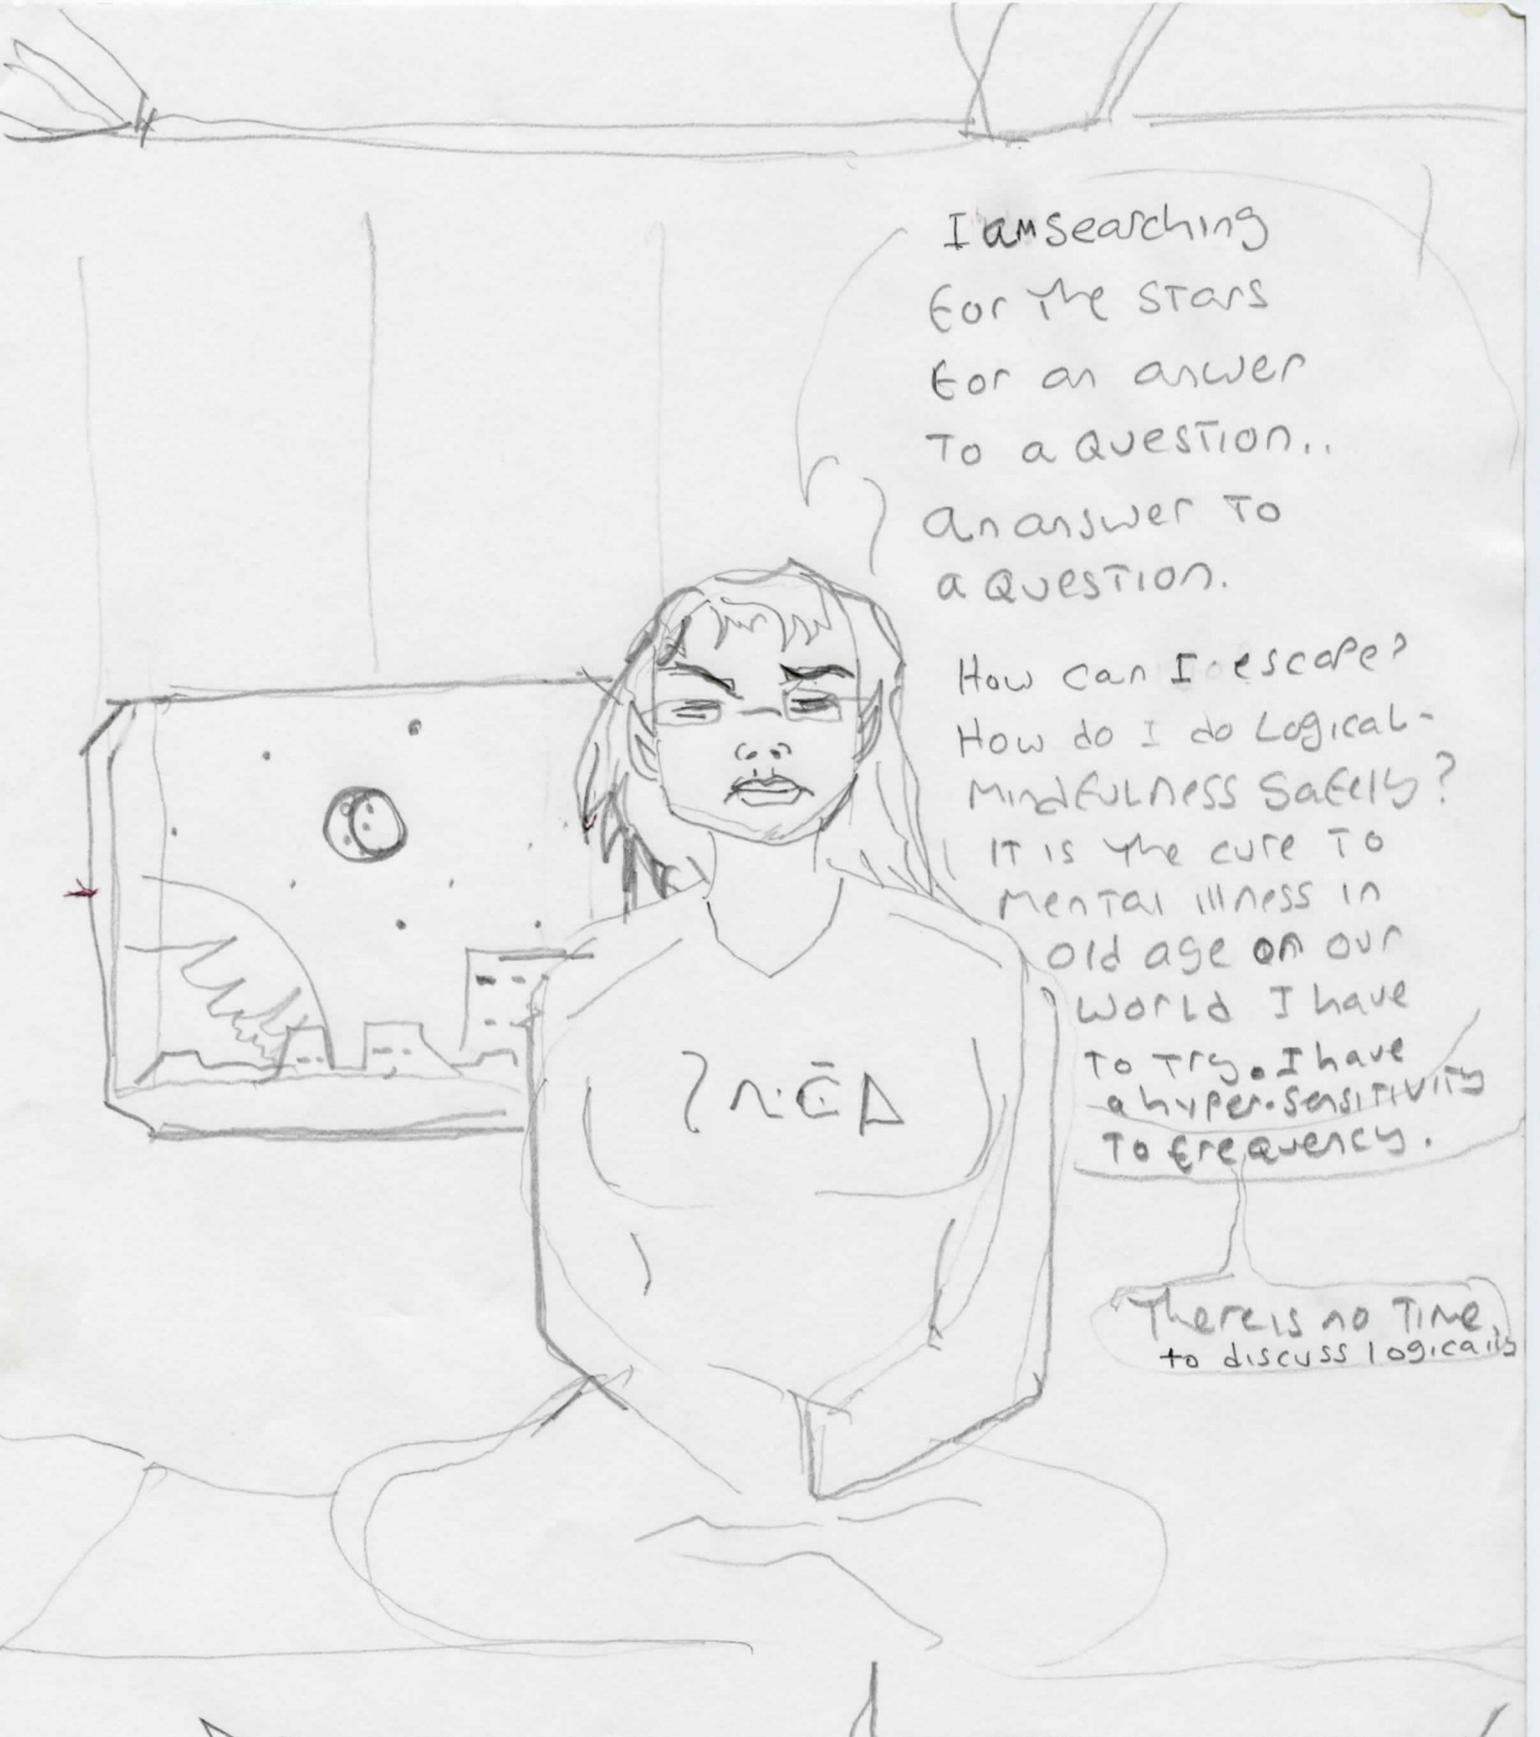

CITY CAPITOLI KARLACK

I see you've been
taking extended
trips with my vehicle
to the mountain village
of Ktarrak. It's logged.

What is this philosophy
of logical mindfulness
you have showed me?
Did you learn it here?

No, father.
I created it.

We must use logical
suppression on Voltterra,
or we are subject to
the maelstrom of emotion.
Any deviation is dangerous.
Do you hear me? No more Ktarrak.
I will hear nothing more
you are forbidden to go there.

I am searching
for the stars
for an answer
to a question..
An answer to
a question.

How can I escape?
How do I do Logical-
Mindfulness safely?
It is the cure to
mental illness in
old age on our
world I have
to try. I have
a hyper-sensitivity
to frequency.

There is no time
to discuss logicals

Go to the mountain village of
Kiamah. There you will wait for a seeker
of truth from a distant world.

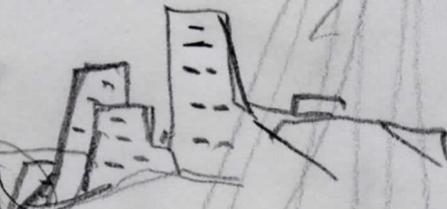

The SWAMPS are a direct ^{easy} route to KTERNAH COLONY.

FATHER MUST BE WORRIED,
MAYBE HE DOESN'T CARE.
SO, ALONE THEN!

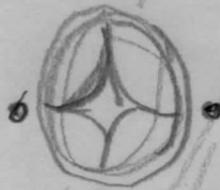

⑤

2 hours Later..

oh, I'm Lost!
am I dreaming you?
Who are you, Little Eella?

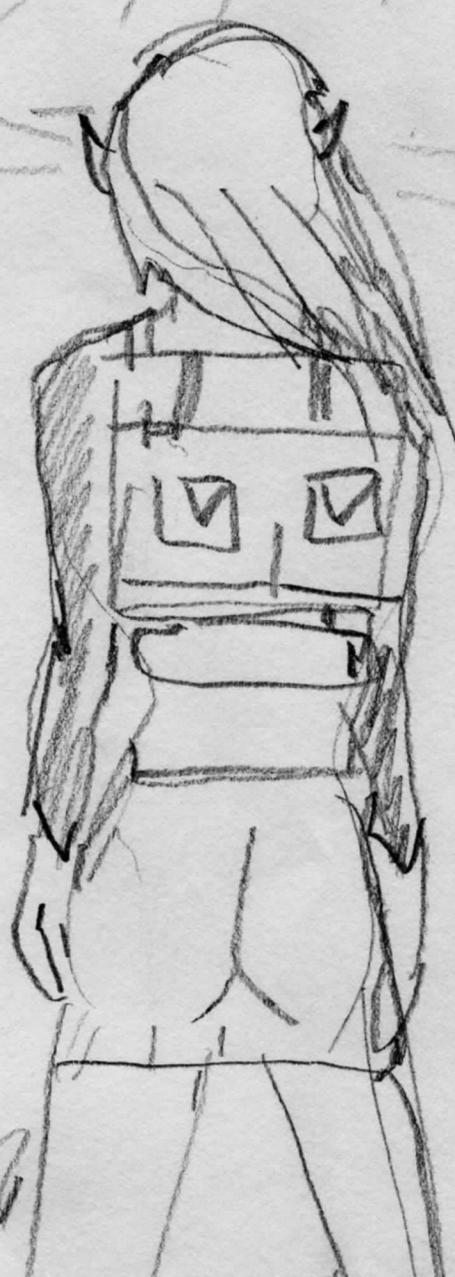

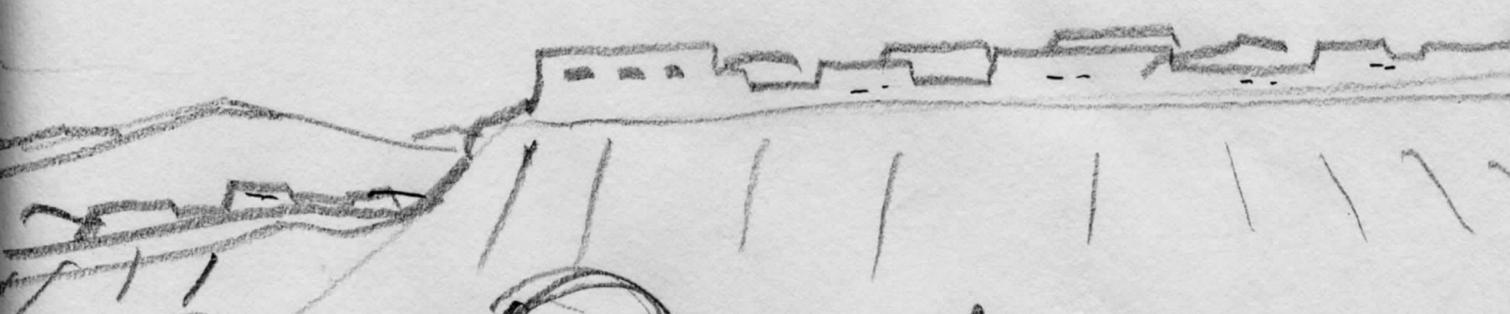

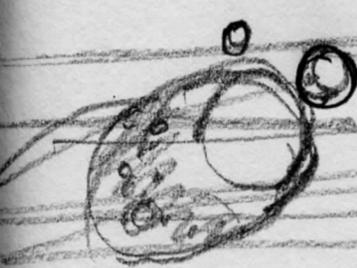

Alpha - Chassis

I'll help you
End K'Tarnah,
The seeker of
truth is on his
way soon. Don't worry!
Follow me!

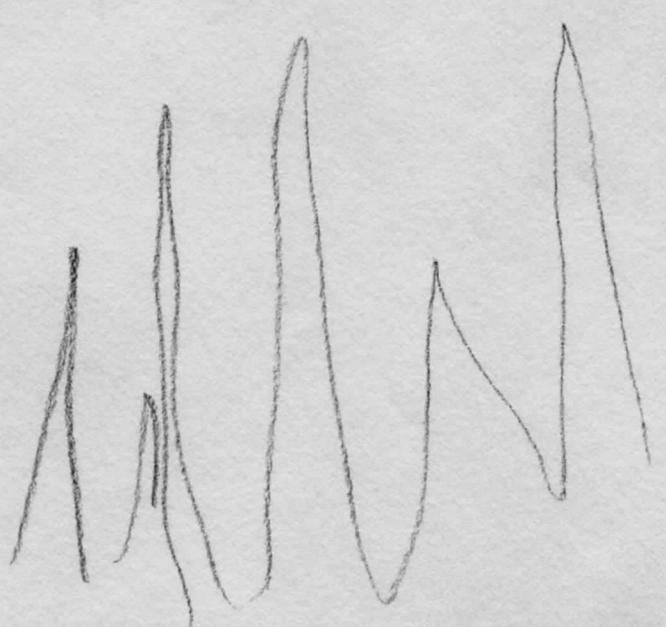

From its carrier,
A message from the cosmos,

uh, okay!

⊕ K²arnah.
